Engage, convert, repeat

Detailing is visual — show the proof

@876cardetail sells a visual, results-driven service, and Instagram rewards businesses that show results. This plan turns the page into 876's most dependable source of new bookings.

The method is simple and repeatable: post consistently, lead with short-form video, turn every finished car into proof, and make booking a one-message action over DM or WhatsApp.

“

We don't chase vanity followers. We chase cars in the bay.

Success = reach in our parishes, saves & shares, and a steady climb in booking inquiries.
