

J SUPREME TECH · GROWTH PLAN 2026

Drive traffic to the site. Convert it. Get paid online.

The marketing plan for J Supreme Tech itself — how we turn attention into quotes, and quotes into card payments, across all four services: Websites, Apps, Social Media Management and Brand & Design.

jsupremetech.online · WhatsApp (658) 218-2282 · global.jsuprememarketing@gmail.com
Remote-first studio · serving founders across the diaspora & beyond

The offer ladder

One entry point per budget — every rung pays online by card and can step up to the next.

SERVICE	LOCAL (JMD)	GLOBAL (USD)
Websites	J\$50,000	\$349
Web & Mobile Apps	J\$80,000	\$549
Social Media Management	J\$30,000/mo	\$199/mo
Brand & Design	J\$25,000	\$169

Website packages (USD): Launch \$349 · Business \$699 · Enterprise \$999. **App bundles:** Web App \$549 · Native \$999 · Site+Web App \$749 · Site+Native \$1,249 · Enterprise up to \$1,500.

Social Media Management (monthly): Starter J\$30,000 / \$199 · Plus J\$55,000 / \$349 · Elite J\$80,000 / \$499 — billed bi-weekly; ad spend separate & client-funded.

Who we serve

The Jamaican SMB owner

Shop, salon, trade or service business that lives on Instagram/WhatsApp but has no real website.

“Customers Google you before they call — give them somewhere to land and pay.”

The diaspora / overseas founder

Jamaican or Caribbean founder abroad launching a brand and wanting a remote team that ships.

“App-store power without the price — and you pay securely online by card.”

The growing brand

Already trading, needs the next system — booking, store, CRM, or a real social presence.

“We design the system. You run the business.”

Best places to market (ranked)

CHANNEL	PRIORITY	WHY — FOR JST
Instagram + TikTok (Reels)	PRIMARY	Your work is visual proof. Build-in-public clips, before/after site reveals, and client wins travel — and they show the four services at once.
Google Business + SEO	PRIMARY	High-intent ‘web designer Jamaica / app developer’ searches are ready-to-buy. Rank jsupremetech.online + a complete Google profile.
WhatsApp Business	PRIMARY	Where the quote → approve → pay-by-card conversation actually closes. Catalog of packages + click-to-WhatsApp on every post.
Referrals + portfolio	SECONDARY	Every live client site is a billboard. ‘Built by J Supreme Tech’ footer link + a featured case study each month.
LinkedIn	TEST	For higher-ticket platform/enterprise builds and diaspora founders.

The funnel — attention → card payment

STAGE	GOAL	PLAYS	METRIC
Attract	Be seen where founders scroll & search.	Reels + Google + portfolio links	Reach / profile visits
Convince	Prove you ship real, owned systems.	Case studies, ‘you own everything’, reviews	Site visits → WhatsApp starts
Convert	Quote → approve → pay online by card.	Package flyers, payments post, clear CTA	Quotes sent → paid deposits
Retain	Recurring social mgmt + next system.	Monthly social retainer, upsell to app/CRM	Retainer clients / repeat builds

The whole machine points at one action: **get a quote → approve → pay online by card** (Visa · Mastercard · Amex · Bank transfer).

90-day roadmap

Days 0–30 — Foundation

Pin the four-service hero + trilogy to the grid. Complete Google Business Profile. Put the package flyer + WhatsApp catalog live. Add a 'card payments accepted' line to the site checkout/quote flow.

Days 31–60 — Proof & reach

Post 4–5×/wk (build clips, client wins). Boost the best authority + payments posts. Publish 2 case studies. DM 10 SMBs a free-audit offer.

Days 61–90 — Recurring revenue

Push the social-media-management retainer hard (recurring J\$/USD). Launch a referral credit for clients who refer clients. Retarget site visitors who got a quote but didn't pay.

Do this week (no budget)

- Pin the four-service hero + the 3-post trilogy to the top of your grid.
- Add a click-to-WhatsApp button + "card payments accepted" line to the bio and site.
- Post the *payments* creative: "Approve & pay online — we start the same day."
- DM 10 IG/WhatsApp businesses a free 15-minute website audit.
- Put "Built by J Supreme Tech → jsupremetech.online" in the footer of every client site you ship.
