

J SUPREME MARKETING × THE LANGUAGE CRADLE (IBLC)

FLUENT IN OPPORTUNITY

The Global Marketing & Social Domination Plan

Instagram · Facebook · The Learning App · Global Business Relations

Season 1: 15 June – 13 September 2026 · Prepared 9 June 2026

“Transcending the Boundaries of Communication”

Twenty years of credibility, waiting for a megaphone

Founded 2006, Hong Kong → Kingston — Dr. Nadine Boothe-Gooden's Language & Cultural Intelligence Institute, HQ in New Kingston

10 countries served — Japan, China, India, Switzerland, Colombia, Venezuela, Jamaica, USA, UK, Canada

Institutional trust — ministries, embassies, PICA, diplomatic missions — credibility most brands can only rent

9 priced service lines — US\$29 e-books → US\$10,000 corporate engagements; certified translation at US\$0.18/word

Global Voice™ flagship — 8–10-week executive programme, US\$1,500–5,000

A real platform — 18+ courses · 181 modules · 8 language tracks · certificates · Lyra AI tutor

The 2026 algorithm pays teachers

Sends are the new currency — DM shares weighted 3–5× likes — and phrase-sheets are the most forwarded format in business feeds

Saves ≈ 3× likes — cheat-sheet carousels are engineered reference material

Trial Reels — Instagram tests hooks on non-followers first — built-in A/B lab

Meta AI auto-translation — captions and audio auto-translate; a language brand gets free international reach

FB Groups out-reach Pages 10× — 20–40% of members see a group post vs 1–6% of page followers

Nobody owns this niche — no Caribbean institute is telling a global business-language story — the lane is empty

Five sentences that run everything

- 1. Tell one continuous story** — a 13-week World Tour through markets IBLC already serves — episodes, not interruptions
- 2. Build for sends + saves** — every asset is something a professional forwards to a colleague
- 3. Facebook = community engine** — the Global Boardroom group + founder essays rebuild organic reach
- 4. Every click traceable** — 14 branded short-links on jsupremeconglomerate.online/s/ tag every channel
- 5. Previous decides future** — Sunday ritual + learning log + 12 written decision rules revise the calendar weekly

The 90-Day World Tour

Global-Bound Executive	Presence collapses abroad	Global Voice™	IG Reels · LinkedIn
Government & Embassy Buyer	Needs certified, discreet work	Certified translation + CQ	LinkedIn · PR

The ascension ladder

Rung	Offer	Price	Job
0	Boardroom Briefing + Phrase Pack (free)	US\$0	Capture the list
1	E-books & digital courses	US\$29–300	First transaction
2	App courses (Individual / Plus)	US\$220–380	Recurring learners
3	Global Voice™ (Group/Hybrid/Private)	US\$1,500–5,000	Flagship hero
4	Corporate training & cohorts	US\$800–10,000	B2B engine
5	Certified translation & trade retainers	\$0.12–0.18/word · \$1.5–2.5k/day	Institutional trust

Every CTA maps to one rung. The feed sells the ladder, not one product.

The weekly engine (Tier B)

Day	Format	Pillar	Example
Mon	Reel — micro-lesson	Authority	"3 Spanish phrases that close deals in Bogotá"
Tue	Carousel — cheat sheet	Save-bait	"Spanish for exporters: 8-line cheat sheet"
Wed	Reel — story	Transformation	Client story: the Colombia engagement
Thu	Essay + quote card	B2B proof	"The US\$1B reason to speak Spanish"
Fri	Reel — offer	Product	Course tour → /s/lc-courses
Sat	Stories ×3–5	Community	Tone quiz + poll + BTS
Sun	Broadcast + review	Owned reach	Boardroom Briefing + Sunday Ritual

Signature growth loops

Comment PASSPORT — auto-DM sends the Business Phrase Pack + broadcast invite — comments feed the algorithm, DMs feed the list (keywords: PASSPORT · VOICE · TEAM)

The Boardroom Briefing — Sunday broadcast drop: one phrase, one cultural insight, one win — owned reach immune to feed decay

Trial Reels weekly — 2 hook variants tested on non-followers; winners graduate — Instagram runs our A/B lab

Collab posts monthly — co-author with BPO recruiters, hotel groups, trade bodies — borrowed reach, zero cost

Reply-to-comment Reels — good questions become next week's lesson — the audience writes the calendar

UGC engine — students post 'my first phrase' + certificate moments; we repost with credit

Two engines: the Page is a billboard, the Group is the building

The Global Boardroom (group) — launches week 1 — phrase drop Mon, challenge Wed, member wins Fri; founder as host, not advertiser

Thursday founder essays — 300–500-word chapters (“What Hong Kong taught me about trust”) — FB still rewards native long-form + photo

Reels via UTIS — Meta's 2026 true-interest model rewards niche consistency — relentless business-language focus is exactly what it promotes

Monthly webinar as FB Event — “Doing business in Spanish: 40 minutes, real phrases” → Lead Ads retarget attendees

WhatsApp click-to-chat — /s/lc-wa opens a pre-filled chat to +1 876 618-8822 — the Caribbean closes deals on WhatsApp

Diaspora groups — value-first presence where exporters and operators already gather

Store-ready — screenshots already shot; when stores go live the /s/lc-app link re-points — printed QRs never stale

The eight additions that convert attention

LinkedIn — embassies and corporates sign here — founder thought-leadership 2×/wk + “The Global Voice Dispatch” newsletter

Email (Resend) — the Briefing doubles as an email edition — rented reach becomes an owned list

Google Business Profile — own “certified translation Jamaica” searches; 20 reviews changes local search

YouTube Shorts — 5 min/week re-upload; language searches compound for years

PR & partnerships — Gleaner/Observer, JIS, JAMPRO, chambers, GSAJ, hotels — one feature/month feeds the proof pillar

The Cradle Circle — alumni referral programme: 3 referrals = masterclass seat

WhatsApp Business — catalogue, labels, broadcast lists — professionalise the closing channel

Tracking hygiene — Meta Pixel + CAPI + the /s link system (live today)

Never boost hope — only winners

Tier	Budget	Structure	Outcome
Spark	US\$300/mo	Boost weekly top organic (by saves+sends) + retarget engagers	2–4× reach on proven posts
Engine	US\$800/mo	+ Advantage+ lead campaigns (Global Voice™ / corporate) + lookalikes + WhatsApp CTAs	15–30 qualified leads/mo
Dominate	US\$2,000/mo	+ video-view funnels, 75%-viewer retargeting, app push, diaspora targeting (NYC·Toronto·London·Miami)	Owens the regional niche

Rules: no paid until week 3 (organic baseline first) · 3 hooks × 2 formats, US\$5/day × 5 days, winner takes budget · CPL > 1.5× benchmark 2 wks → change creative before audience.

Three scheduling variations — pick by capacity, upgrade by rule

	A — Foundation	B — Growth ★	C — Domination
Workload	≈4 hrs/wk	≈8 hrs/wk	≈15 hrs/wk or VA
IG posts	3/wk (M·W·F)	5/wk (M–F)	7–10/wk + 2 Trial Reels
Stories	Tue & Thu	Daily M–Sat	2× daily + AMA
Facebook	Cross + Thu essay	Essay + group 3 days	Daily group + weekly live
Monthly volume	≈12 posts	≈22 posts	30+ posts

Previous decides future — as a system, not a slogan

The Sunday Ritual (30 min) — fill scorecard → write learning-log line → apply decision rules to next week's rows

12 written decision rules — e.g. saves/reach $\geq 3\%$ → series it · sends $\geq 1.5\%$ → boost it · 3-sec retention $< 50\%$ twice → retire the hook family

Trial Reels = weekly A/B lab — winning hooks graduate, losers are logged

Monthly portfolio rebalance — top-quartile pillar +1 slot, bottom -1

Quarterly reset — Season 2's calendar is built from the log, never from scratch

North star — qualified conversations/month: consults + corporate inquiries + app sign-ups — all traceable to a link

30 / 60 / 90

	Day 30	Day 60	Day 90
